(AAA image) Most auto repair shops quote labor charges using a "flat rate" manual or computer program that provides the average time it takes an experienced technician to perform a given car repair. That flat-rate time is then multiplied by the shop's hourly labor rate to reach the total labor charge for the service.

Auto Repair Labor Rates Explained | AAA Automotive

YourMechanic flat-rate pricing is based on the labor time and parts required to fix your car. Our estimates show the full price breakdown, so there's never any mystery behind service prices. Our mechanics are fully mobile, so there's no brick-and-mortar shop to maintain. That means very low overhead costs. We pass those savings on to you.

Flat Rate Calculator. Flat Rate Calculator is a tool for bodyshops that use a team approach. In other words shops that use the flat rate system, yet have more than one person working on every vehicle will find this tool useful. Instead of trying to break up metal and paint labor and distributing it among different departments and different techs, shops that use the team approach can use this calculator to more fairly distribute labor.

BodyShop Solutions: Flat Rate Calculator

The manuals list the repair time billable by tenths of an hour. For example, replacing front struts on a particular model will be listed as a 1.2 hour job. The OFFICE staff will take the shop labor rate of \$85 or \$95 or more, times the hour rate of 1.2 to obtain the labor cost for the work done for any repair.

Flat rate manual - Maintenance/Repairs - Car Talk Community

hey dump that flat rate old school stuff and go hourly why make a guy bust it to make so called big money all the while lowering your quality and the its not my job mentality and never knows from week to week what he will make, even the feild and make every body in the shop hourly and responsible for the jobs leaving even if they have to wash a car it make for a awesome team that tends to push ...

Free Auto Repair Estimates and Labor Guide - FreeAutoMechanic

Under the flat-rate pay system, the technician is paid by the job. Similar to the example above, if a job that is estimated at one hour takes three, the employee is still paid at the flat rate -- the equivalent of one hour. However, if he completes the work in just 30 minutes, he still receives the full flat rate. Pros and Cons

Hourly vs. Flat Rate for Auto Techs | Monster.com

Basic Flat Rate Billing . What is flat rate billing? There's a history behind the development of the flat rate system, but "yawn", we don't need to go into that. Let's say you take your car or truck in for a water pump replacement. The mechanic looks up the repair in his book, and it tells him that replacing a water pump in your vehicle takes 3 ...
