Estimates as to the number of gay people in the population range from 1-in-20 to 1-in-10, so why are some people gay? Are they gay by choice or is being gay genetic? The simplest answer is to look at the definition of the word "gay." The term gay is a synonym for homosexual, which is defined as, 1,2

Why Are People Gay? Gay By Choice or Is Being Gay Genetic?

Coined by George Weinberg, a psychologist, in the 1960s, the term homophobia is a blend of (1) the word homosexual, itself a mix of neo-classical morphemes, and (2) phobia from the Greek φόβος, phóbos, meaning "fear", "morbid fear" or "aversion". Weinberg is credited as the first person to have used the term in speech.

Elias was concerned with why the majority of people were unable to foresee the rise of Nazism. In response, Elias conceptualized a human-image that is a single 'rational' person who despised violent phenomena as an incomprehensible act: a being Elias defined as the image of 'homo clausus' (closed person).

Norbert Elias and the Problem of Violence

Abstract. Among the many far-reaching changes European culture underwent in the course of the sixteenth and seventeenth centuries, one of the

most fundamental was the shift in the way in which the human body was understood: one predominant notion of human embodiment, in which the body was thought of as open in a positive manner, was gradually being displaced by a radically different one, which ...

Homo philosophicus, the rational philosopher, was never an adult arrives as an adult with clear logic and no disturbing past. Elias (1968) describes homo clausus (based in homo philosophicus and many other such models) a theoretical being used by sociologists who thinks and acts independently, whilst living within society.

Individual and Society - Changing minds

This article elaborates on a view of human subjectivity as open and intersubjectively constituted and discusses it as a presupposition for student's participation in educational situations. It questions the traditional persistent concept of subjectivity as inner and private, the homo clausus, which puts self realization before recognition of the other and individual cognition before mutual ...

The Punctual Fallacy of Participation: Educational ...

He hated him with an intensity that in most people would indicate some personal animosity arising from some unpleasant face-to-face encounter. Yet, although they may indeed have met each other, possibly at the London School of Economics in the late 1940s after Popper returned from his wartime refuge in New Zealand, I wonder whether Popper was even aware of Elias.
